

What a Week!

News of November 3

A look back...

This week we did all things Halloween, bats and spiders! Did you know there's a bumblebee bat that is as small as a bee and weighs only as much as a dime? We do! We also made life sized skeletons in STEAM, explored Dia de los Muertos in Spanish, learned about absorption on Science Thursday, and When Picasso met Mootisse on Fine Arts Friday.

A look ahead....

It's Farm Week where we'll learn about many animals and life on a farm. Watch our farm bulletin board grow! Ms. Francesca from the library is visiting on Wednesday.

There are only two weeks left before our Thanksgiving break. No school November 20 - 25.

Don't forget to snag your space for Breakfast with Santa on December 2! This is our most significant fundraiser each year so please share with your community!

Read about our Thanksgiving celebration on the back!
