Language Arts

We will work on the symbol and sounds for G.

Math

In math we will be counting syllables, size - small, medium and large, measuring and shape recognition.

Science

The science of baking.

Home Connections

Have your child close their eyes and listen. What do they hear?

Activities

Theme: Gingerbread

Last we met, we talked about things that we are thankful for, made a turkey headband, had a feast, and a short Thanksgiving sing. For science, we will put dried cranberries into 7up. The creation and popping of bubbles on the cranberries made them bob up and down in the soda.

This week we will make a paper gingerbread ornament, decorate a paper gingerbread head for our bulletin board, go on a scavenger hunt for run-away gingerbread cookies, decorate them and eat them.

Letter sound of the week: G
