

# What a Week!

## News of December 3

**This week we learned about holidays in other countries! Next week will hold much gingerbread fun, the letter M, STEAM will use marshmallows for engineering and construction and we'll work on the show. Whew!**

### Special Guests

On Wednesday, Hinsdale Humane Society's education program will bring to us some furry creatures.

The goal is to have children comfortable around animals as well as to learn the dos and don'ts of meeting new furry friends.

We're glad for their on-site presentation!

Please [fill out this quick survey](#) about the 12/17 show and reception. Thanks!

### Thank you!

Several new families will be joining us in January. Every one of them has heard about the preschool thanks to word of mouth. We appreciate your confidence in us!

Our facebook page could use some current reviews. If you're inclined, head over there and help us out. Thanks!
