Class Pet and Adopted Zoo Animal

Next week we start a two week focus on turtles. Land vs. sea. How to care for our class pet. All about Pistachio, the turtle from Brookfield Zoo that we adopted this year. And more!

Also, the travelling Pistachio stuffie will start making its way to homes. Over the course of the year, each child will have Pistachio visit their home and document their time together. A fun, 53 year tradition!

Artsonia

Artsonia is an online art museum that also can print your child's art on an array of items. Perfect grandparent gifts! All student now have a gallery to which art will be added frequently.
